Dear Parents

As you know due to the Covid 19 virus we had to shut on 20th March to stop the spread of the virus.

The government now want us to re-open to 3 and 4 year olds and key worker children from 1st June with lots of safety guidelines in place including smaller numbers of children attending.

We have decided that we will limit our number to 12 children per session and have contacted all our older children who are starting reception in September and key workers to offer these places. Please note if you are a keyworker and we have not contacted you please let us know so we can add you to our list. Some parents have decided to keep their children at home and some want to come back so we now have a list of the children who will be coming back on 1st June but at the moment we are still waiting for Stevenage Borough Council to confirm if they will allow us to re-open the building.

We know parents have different opinions on whether it is safe to return to schools yet and I am sorry if you are disappointed that your child is not returning yet, we need to keep everybody as safe as we can so have had to decide how to offer these places, we do look forward to hopefully seeing you all in September when we can hopefully get back to some normality.

Please look on Triangle Pre School face book page for any updates and we will contact you again before September. If you leave a message on our answerphone we will call you back or you can e-mail us at the email address at the top of the page. Please stay safe and healthy, tell the children we miss them very much and can't wait to see them in September.

Yours Sincerely

Elaine Anna Claire Sarah Kelly Stacey Liz Ella and Michelle xxx
